NEW WESTMINSTER BY-LAWS.

STREETS AND SIDEWALKS BY-LAW.

A By-Law for regulating Streets and Sidewalks and traffic thereon.

WHEREAS it is expedient to make provision for the better regulating of streets and sidewalks within the Municipality of the City of New Westminster, and the traffic thereon;

Therefore the Mayor and Aldermen of the City of New Westminster, in Council assembled, enact as follows:—

1. No person shall encumber, injure or foul any street, road, square, alley, lane, bridge, wharf, or other place of public communication within the City of New Westminster with any animal or vehicle, or by any other means, contrary to the provisions of this By-Law, or erect, place, or maintain thereon any building or structure whatsoever, without having first obtained the consent of the Council of the said City; provided always, that this section shall not prevent merchants and others from using and occupying a reasonable portion of the sidewalks immediately in front of and next adjoining their places of business for the purpose of displaying their goods, wares and merchandise, or from exhibiting and placing on such spaces their signs, images, bulletin boards, or insignia of the place or nature of their trade or business, or prevent the moving of goods, wares or merchandise across any sidewalk with all reasonable dispatch for the purpose of taking in and delivering the same; and provided, also, that this section shall not extend to the temporary occupying, in accordance with the provisions of this By-Law, but not otherwise, of a portion of the sidewalk or street for building purposes.

2. When any house or building is being erected, built or repaired on the line of any public street or way, or within seven feet thereof, there shall be

erected a boarded fence six feet high to enclose the sidewalk allowance in front of such building to the width of six feet, and outside of such fence a planked pathway shall be laid at least four feet wide, if required by the Board of Works, for the convenience and security of the public, or it shall be lawful instead of such fence or pathway to plank over the whole of the scaffold at the height of the first floor above the ground, and to enclose such scaffold at the same height at least 18 inches all around above the level of the planked floor aforesaid, the sidewalk of the street being left free for the public use; provided that if, in the opinion of the Board of Works, the circumstances in any particular case render it expedient that the requirements of this section should be modified or relaxed for the time being, the same may be modified or relaxed in such case by the said Board of Works; and it shall be the duty of the person erecting, building or repairing any such house or building, and the contractor or other person employed in doing the work, to see that the provisions of this section, or any modification thereof which may be made as above provided, are strictly complied with.

3. No person shall place any lumber, stone, chips, shavings, rubbish, or any building material whatsoever, on any sidewalk, and when buildings are being erected or repaired on any street no person shall be allowed to occupy more than one-third of the roadway with any such building material, and no person shall place any stone, lumber, or other building material in such manner as to obstruct the free passage of water in the drains, gutters, or water courses; and no person shall suffer or permit any building material to remain on the street any longer than is, in the opinion of the Board of Works, absolutely necessary for the erection or repair of the building for which such material is designed; and every person shall, within three days from the completion of such building, entirely remove all such material from the street, and leave the same in as good condition as it was before said building material was deposited thereon. No person shall occupy any portion of a street or way in the manner mentioned in this section without having first obtained permission from the Council, and the conditions of such occupancy shall be within the discretion of the Board of Works.

4. No person shall break, tear up, or remove any planking, pavement, sidewalk, crossing, curbing, macadam, sod, sand, earth, gravel, or other road surface, or make any excavation in or under any street, lane or sidewalk within the City for any purpose whatsoever without the permission of the Board of Works; and it shall be the duty of every person breaking, tearing up or removing any planking, pavement, sidewalk, crossing, curbing, macadam or other road surface, or making any excavations in or under any such street or sidewalk as speedily as practicable, and under direction and supervision of the Board of Works, to place, relay, and make good, and to put in as good order and repair as before, to the satisfaction of the Board of Works, every such sidewalk and street, and if the earth shall settle, such person shall fill the same from time to time as may be necessary, and to the satisfaction of the said Board of Works, and every such person, and the contractor or other person by whom the work is actually done, shall erect and maintain a good and sufficient fence, railing or barrier around every excavation made by him, in such manner as to prevent accident, and shall place and keep upon such fence, railing or barrier suitable and sufficient lights during the night, and take such further care and precaution as the Board of Works may deem necessary and direct for the protection and safety of the public; and every such person, whether he be the person in whose interest the work is being done or the contractor or other person who is actually doing the work, shall be held responsible for all injuries that may be done, or accidents which may happen, to persons or property by reason of the doing of any work for the doing of which permission may have been granted under this section, and it shall be the duty of the Board of Works, before giving such permission, to take from every such person security that he will perform all the obligations imposed upon him by this section.

5. No person shall, without having first obtained permission from the Board of Works, construct, place or make any movable trap or door for the purpose of entrance to any cellar or premises in or under any building or place, or any steps, porch or other entrance to any building which shall in any way encroach upon the sidewalks or streets of the City, and all such trap doors shall be so constructed that, when open, the opening shall be protected with a railing or otherwise

so as to guard against accident.

6. No person shall erect any canvas awning which shall in any way extend over any street or sidewalk at a less height than seven and a half feet above the same, and from the passing of this By-Law no person shall erect any veranda constructed of wood, or any other material, which shall extend over any portion of any street or sidewalk.

7. No person shall hang or suspend a sign projecting over any portion of any street or sidewalk at any less height than ten feet above the proper sidewalk grade.

8. No person shall injure, deface or destroy any ornamental or shade tree, shrub, lamp, lamp post, fence or railing, in or upon any public ground, street, alley, or other public place, or upon any private premises.

9. It shall be the duty of the occupant of any building fronting on any street or lane within the City to keep the sidewalk in front of such building in a proper state of cleanliness, and no such occupant shall place, or permit to be placed, sweepings or ashes from his premises on any street or public place.

10. Every person who shall excavate for the erection of any wall or building, or for any other purpose, near to any street or highway within the City shall put up a good and sufficient protecting rail or plank along the line of such street, opposite to such excavation, and maintain the same so long as may be necessary to prevent danger to persons travelling along such street or highway, or their horses or vehicles.

11. No person shall construct, have or maintain a gate or door to or upon premises owned or occupied by him which shall be so constructed that the same shall swing over any sidewalk, street, road or lane within the City.

12. No person shall remove, or assist in removing, any building into, along or across any street, lane or sidewalk within the City without first having obtained permission in writing from the Council, and then only by the route and in the manner directed by the Board of Works.

13. No person shall throw or pile cordwood, firewood or coal upon any paved or planked sidewalk within the City, or saw or split cordwood or firewood upon any sidewalk within the City.

14. No person shall throw or pile, or cause to be thrown or piled, upon any street within the City so as unnecessarily to obstruct the passage in the same, cordwood, firewood or coal, except for the purpose of the same being delivered at premises owned or occupied by him opposite to which the same shall be thrown or piled, or for the use of the person owning or occupying the same, and no person shall permit such cordwood, firewood or coal to remain upon the street for a longer time than 24 hours, or so as to obstruct the free use of such street.

15. No person driving any carriage or other vehicle drawn by a horse or horses, or other animal or animals, or riding upon any horse or other animal, on any of the bridges, plankways or trestles, or wharf approaches within the City, shall cause or permit the horse or horses, or other animal or animals, which he shall be so driving or riding, to go at a faster rate than a walk.

17. Every owner or occupier of any house, building or lot within the City who shall require to drive any horse or other animal, or waggon or other vehicle, across any paved or plank sidewalk for the purpose of entering his house, building or lot, shall construct across the drain, gutter or water-course opposite the gateway or entrance to his premises a good and sufficient bridge of planks, so constructed as not to obstruct such drain, gutter or water-course, and shall also place a piece of timber along the edge of each side of the pavement, or planking sufficient to prevent the pavement or planking from being injured in crossing it, or entering such house, building or lot.

18. No person shall drive, lead or back any horse or other animal, or waggon or other vehicle, or draw,

push or propel any hand cart, waggon, carriage or other vehicle in or along any sidewalk in any public street, or other public place, within the City; provided always, that this section shall not apply to the propelling of baby carriages (but in all cases it shall be the duty of every person propelling a baby carriage to give way to foot passengers, and if necessary to prevent interference with them, to turn off the sidewalk), or to the lawful crossing of a sidewalk to go into any yard or lot adjoining the same, where a proper bridge is constructed, as provided by the next preceding section.

19. No person shall tie a horse or other animal to any post, hook or ring, or in any way across any sidewalk, pavement or crossing within the City so as to obstruct the ordinary traffic of the street; provided always, that nothing in this By-Law contained shall prevent carriage-makers, waggon-makers, blacksmiths, inn-keepers, and keepers of livery and lodging stables, from temporarily occupying the roadway for the space of ten feet in width immediately in front of the premises occupied by them, with vehicles undergoing immediate repairs, or with vehicles from which horses have been unhitched for the purpose of being shod, or prevent draymen, expressmen or other persons from occupying the alley, if the same be twenty feet in width, for the space of six feet immediately in the rear of the premises occupied by them, with such vehicles as are being actually used by them in the prosecution of their respective business callings.
